

**Seminar Programme 2019-20**

<b>Date of visit</b>	<b>Visitor</b>	<b>Details</b>
<b>2019</b>		
10 Jan	<a href="#">Julien Prudent, MRC-MBU Cambridge</a> "New roles for PI(4)P in mitochondrial division"	ION seminar 3-4pm CISR
24 Jan	<a href="#">Anthony Moore, Sussex University</a> 'Structure and function of the alternative oxidase: its role in health and disease'	WCMR seminar 1-2pm CISR
7 Feb	<a href="#">Peter Rehling, Goettingen University</a>	WCMR seminar 4-5pm CISR
27-28 March	<a href="#">Professor David Thorburn</a> , Murdoch Children's Research Institute, Victoria, Australia "Mitochondrial Disease in Australian Children – genomics, epidemiology and functional validation"	4-5pm CISR WCMR seminar
2-3 April	Eduardo Balsa, <a href="#">Dana Farber Cancer Institute, Boston</a>	WCMR seminar
21 June	Bette Phimister, Deputy Editor NEJM	WCMR seminar
18 July	<a href="#">Paolo Actis, University of Leeds</a> "The world's most precise surgery: extraction of a single mitochondrion from a living cell"	WCMR seminar 1-2pm CISR
30 July 2019	<a href="#">Jim Stewart, Max Planck Institute</a> "Mouse Models with Pathogenic Mitochondrial DNA"	WCMR seminar LTD 1-2pm
26 Sept 2019	<a href="#">Heather Mortiboys, Sheffield</a> "What is the mitochondrial phenotype in neurodegenerative diseases; and can it be manipulated by small molecules?"	WCMR seminar CISR 1-2pm
3 October	<a href="#">Helene Plun Favreau, UCL</a> "Mitophagy: from genetics to biology and back"	WCMR seminar CISR 1-2pm
<b>31 October CANCELLED</b>	<a href="#">Alex Whitworth, MBU Cambridge</a>	<b>WCMR seminar CISR 1-2pm</b>
14 November	<a href="#">Pekka Katajisto, Helsinki</a>	WCMR seminar CISR 1-2pm
Dec	No seminar	

<b>2020</b>		
January - TBC	<a href="#">Alex Whitworth, MBU Cambridge</a>	WCMR seminar
27 February	<a href="#">Laurence Bindoff, University of Bergen</a>	CISR 1-2pm
19 March	<a href="#">Roman Szczesny, Polish Academy of Scientists, Warsaw</a>	CISR 1-2 pm
